

CELEBRATING 10 YEARS OF GIVING BY FRIENDS OF ST. JUDE—MIAMI

(Ms. ROS-LEHTINEN asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. ROS-LEHTINEN. Mr. Speaker, I rise today to recognize the 10th anniversary of the founding of Friends of St. Jude—Miami.

St. Jude Children's Research Hospital, located in Memphis, Tennessee, is a leading institution in the fight against pediatric cancer and other diseases that harm children.

Friends of St. Jude—Miami is made up of young professionals in south Florida, who, like my dear friend Wendy Grant, are dedicated to St. Jude's lifesaving mission and who have continued to help the organization to ensure that no family ever receives a bill for the world-class care their son or daughter requires.

To Wendy and, indeed, all of the members of the Friends of St. Jude in south Florida, thank you for the difference you continue to make in the lives of children across our Nation and across the world.

DESHAUN WATSON, A MAN OF CHARACTER

(Mr. COLLINS of Georgia asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. COLLINS of Georgia. Mr. Speaker, last night, as we all watched football, no matter who you rooted for, team sports also still comes down to individuals. Last night, a young man named Deshaun Watson—the favorite son of Gainesville, Georgia, my hometown—showed the character that I have witnessed since he was a young boy, playing with my son in the 7- and 8-year-old little flag football league.

His athletic ability has never been questioned, and last night it was on full display for the world to see. I believe that he is the best college football player in the country. Beyond football playing, he is a better man. He is looking forward to the leadership of his team, to the leadership of his classmates, and the leadership he has shown in his community back in Gainesville is exemplary and will not be forgotten.

Gainesville is proud of its favorite son, Deshaun Watson, and of the national championship that he won last night with his team, Clemson, during the football game. But, as with everything in life, as the game ended, it reminded us that the games are played by men of character. Deshaun Watson is a man of character, and I look forward to watching his career as he goes forward.

CONGRATULATIONS TO UNIVERSITY OF FLORIDA'S MACHINE INTELLIGENCE LABORATORY ENGINEERING TEAM

(Mr. YOHO asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. YOHO. Mr. Speaker, I rise to recognize and congratulate the other Gainesville—the University of Florida's Machine Intelligence Laboratory Engineering Team.

On December 12, 2016, the University of Florida's Machine Intelligence Laboratory Engineering Team won a world championship and beat 12 teams from five countries at the Maritime RobotX Challenge in Hawaii. This team, which is comprised of UF students, designed a vessel that completed a number of different obstacles, including navigating through buoys and self-parking—all without human intervention.

As a supporter of scientific research, I am proud of the inspiring work being done in Florida's Third Congressional District. The dedication displayed by these students and professors is an outstanding example of the success that comes from hard work. It is the dreams of the students and scientists, like these of today, that will propel them to go on and create the innovations of tomorrow that will make this country great again. I am honored to announce their accomplishments, and I look forward to witnessing their continued success.

As a UF alumnus, I would be remiss not to say, "Go Gators."
